3. Hazards Identification

Not regarded as a health or environmental hazard under current legislation.

No hazard anticipated provided product is used for purpose intended.

4. First Aid Measure

In all cases of doubt or when symptoms persist, always seek medical advice.

Ingestion: Only when conscious, rinse mouth with plenty of water and give plenty of water to drink (approx 500ml). **DO NOT INDUCE VOMITING.** In the case of spontaneous vomiting, be sure that vomit can freely drain because of the danger of suffocation. Seek medical attention.

Skin: Wash affected area with plenty of soap and water.

Eyes: Rinse immediately with copious amounts of water. If irritation or discomfort persists, seek medical attention.

5. Fire Fighting Measures

Aquabar is not flammable but will burn in a fire situation.
Use foam, dry chemical or carbon dioxide fire extinguishers.

6. Accidental Release Measures

Personal precaution if spilt - Spillage may constitute a slipping hazard.

Precautions to protect the environment - Prevent contamination of soil, drains and surface water.

Spill clean up methods - Take-up spillage with an absorbent, inert material and place in a suitable and closable labelled container for recovery or disposal. Wash the area clean with water and detergent, observing environmental requirements.

7. Handling and Storage

Product sold as a 100g bar in a cardboard carton.

Keep container tightly closed. Store in a cool, dry place in the original container

8. Exposure Controls and Personal Protection

Use normal conditions of use, no exposure controls or personal protection equipment are required.
